EXPERIENCE

MATRIX EXPERIENCE

Senior Product Designer

JAN 2023- PRESENT

As a UX Researcher, for 3 years at Matrix, I leverage a user-centered approach to gather insights and drive design decisions that enhance user experiences. Skilled in qualitative and quantitative research methods, I conduct user interviews, usability testing, and surveys to uncover user needs and behaviors. I collaborate closely with cross-functional teams to translate findings into actionable design recommendations, ensuring that products are intuitive, accessible, and aligned with user expectations. My passion for understanding user motivations and pain points helps create solutions that not only meet business goals but also delight users.

Product Designer

2022

A team player in Matrix's UX team. Create end-to-end product design with a user-centered approach and creative concept design.

TRALALA- EVENT DESIGN

Founder and owner

2017- 2021

Founder and owner of an event design and branding company. Planning and designing events for the business and private sector.

Responsibility for company management, quotations, customers, finance, project management - planning and execution, management of staff and salaries, building concepts and design plans for events.

QPX

Geo Intelligence Analyst

2012-2014

An Israeli start-up for copper exploration and mining in Chile. As a geo Intelligence Analyst, I analyzed and interpreted geospatial data. I was responsible for collecting field data and managing the company's database, ensuring that all information was accessible to employees. Utilizing advanced GIS tools and methodologies, I transformed complex datasets into actionable intelligence, identifying patterns and trends. My expertise included conducting thorough analyses of geographical information, integrating multi-source data, and presenting findings through compelling visualizations.

MILITARY SERVICE- 81 Unit

Geo Intelligence Analyst

2009-2012

Career soldier in the Technology Unit of the Intelligence Corps (81), reserves duty as Sergeant Major (Rasal). Intelligence Analyst in the technology unit of the Intelligence Corps (81).

YOUTH MOVEMENT- ZOFIM

2006-2009

Senior education coordinator in Kefar Sava's scouts tribe. A year of service in Bat Yam, part of a commune with Jews from all over the world. Participation in the national delegation to the United States on behalf of the movement.
